## RUSSIAN ARMY AND NAVY COMMANDS.

They Are to be Reorganized, Gen. Kerpaitsky to Have the Yalu Division.

#### FOREIGNERS ARE OUTRACED.

Atrocities Perpetrated Upon Them Daily-At Chemulpo the Russians Were Compelled to Fight.

Newchwang, Feb. 16.-Viceroy Alexleft left Port Arthur today, proceeding to Harbin with Gen. Pflug, the chief of staff, and the general staff.

It is said that the Russian army and navy commands will be reorganized and that Gen. Kerpaitsky will command the Yalu division, which is expecting to be attacked by the Japanese forces.

Attocties are daily perpetrated on foreigners and natives, both by the organized police and incoming troops, which makes it impossible for the civil authorities of Newchwang to control the situation. It is feared that a reign of terror will be precipitated if the neutral powers remain inactive. A capneutral powers remain inactive. A captain of police with 10 soldiers, without any provocation, destroyed the contents of a hotel owned by a German, where three Japanese had registered under the protection of the civil administrator. These Japanese were bound, stabbed and robbed of food, money and jewelry. They were rescued with difficulty by Unitd States Consul Miller, together with three women refugees, who gether with three women refugees, who he civil administrator had assured Mr.

Miller, would be protected.

The administration admits the gravity of the situation, but declares that Viceroy Alexieff alone can remedy it. It is believed here, however, that the maintenance of order at this treaty port and the prevention of these violations of international rights can be in-sured only by an instant international plan, supported by an armed force.

Mines have been constructed and preparations made for depositing them at the mouth of the river here, where the forts have been occupied by a field battery of artillery and guns from the Russian gunboat Svoutsch.

RUSSIANS COMPELLED TO FIGHT.

London, Feb. 17.—The Seoul correspondent of the Daily Mail, in the course of a descriptive narrative of the Chemulpo battle, says that before the fight the captain of the Russian cruiser Variag held a conference with the Brit-ish. French and Italian captains, aboard the British cruiser Talbot, in which he asked for the protection of a foreign warship in leaving the harbor. The request was refused. The British launch delivered a protest to the Jap-anese admiral immediately before the

The Americans present refrained from attending the naval conference or par-taking in the demonstration, although some of the Russian wounded were reelved on board the United States gunoat Vicksburg.

While the Variag was being sunk her captain, fearing the Japanese would reach the vessel before she settled down, requested the captain of the Talbot to fire at her water line. The request was also refused. quest was also refused.

JAPANESE DRIVEN BACK AT KIN-

London, Feb. 17.—In a dispatch dated Port Arthur, Feb. 13, a correspondent of the Times gives a description of seven Russian warships which he says are lying disabled there. They include the battleships Sevastopol and Petropanicyski, which have not been pamed. anlovski, which have not been named previous reports of the action. The espondent says that altogether 11 tussian ships were put out of action

Aussian snips were put out of at Port Arthur.

Continuing he declares that the Japanese were driven from the neighborhood of Kinchow, near New Chuang, after a skirmish in which 150 Japanese were taken prisoners and 70 Russians killed.

In an editorial article the Times re-marks that as this correspondent does not mention the injuries sustained by the battleships and as the Kinghow the battleships, and as the Kinchow story has not been reported from any source, it would be well to accept his report with some reserve.

NEW SYSTEM USED. St. Petersburg, Feb. 16,-Capt. Stepanoff, who was blown up with the tor-pedo boat Yenisei and who himself invented the system for laying submarine Vented the system for laying submarine mines which is considered responsible for the catastrophe, had caused the Yenisei to be fitted with his device for the rapid laying of mines whereby a trolley line extended beyond the vessel's stern, along which the mines slid out and dropped into their appointed places.

This plan did away with the cumbersome work of laying the mines from small boats. The accident was due to the excessive strain on the Yenisel's anhe excessive strain on the Yenisel's an-thor cables while the mines were sus-sended pending the immersion. The

St. Petersburg, Feb. 16 .- A dispatch St. Petersburg, Feb. 16.—A dispatch received here from Port Arthur, dated Feb. 15, says the Japanese are landing at Chin Wang tao, a port on the south-frn border of Manchuria, close to ehe Chinese Northern railroad. The sea there is covered with ice for a distance of 14 miles from the shore, and this would make landing extremely difficult. No Japanese have been seen on the Yalu river.

The Japanese are landing provisions and munitions of war at Wonsan on the east coast of Korea and north of Seoul.

good oxygen in their lungs. There are too many white blood corpuscles in such cases, and there is often a peculiar sound in the heart, called a murmur, in cases of anemia. This heart murmur is caused by thinness of the blood passing through the heart. The murmur of anemia disappears when the blood regains its natural consistency and richness. It is not heart disease. Sometimes people suffer intense pain over the heart, which is not heart disease, but caused by the stomach. It is the occasion of much anxiety, alarm and suffering, for which its victim is dependent upon reflex disturbances from the stomach caused by indigestion. In the same way many bad coughs are dependent upon these reflex disturbances of what is called the pneumogastric nerve. To enrich the blood and increase the red blood corpuscles thereby feeding the nerves on rich red blood and doing away with nervous irritability, take Dr. Pierce's Golden Medical Discovery, which promotes digertion and assimilation of food so that the blood gets its proper supply of nourishment from the stomach. Get as near to nature's way as you can. A medicine made entirely of botanical extracts and which does not contain alcohol is the safest. Dr. Pierce's Golden Medical Discovery contains no alcohol or narcotics. Dr. Pierce's Pleasant Pellets are the best liver pills.

As our business is insurance, we will be in a position to keep track of any companies that may retire, as well as those that may be weakened by this calamity. We will take pleasure in giving to the inquiring public any information that may come in our possession. To keep you properly advised, we would suggest that all who read this notice kindly mail us a list of their insurance policies and we will endeavor to keep them posted on the condition of their respective companies.
